

Introduction

Stonecrop Wealth Advisors, LLC (“Stonecrop”) is registered with the Securities and Exchange Commission (SEC) as an investment adviser. This document gives you a summary of the types of services we provide and how you pay.

We provide advisory accounts and services rather than brokerage accounts and services. Brokerage and investment advisory services fees can differ, and it is important for you to understand these differences. Free and simple tools are available to research firms and financial professionals at Investor.gov/CRS, which also provides educational materials about broker-dealers, investment advisers, and investing.

Relationships and Services.

What Investment Services and Advice Can You Provide Me?

We offer investment advisory services, which include investment management, financial planning, and investment consulting services.

If you retain our firm for investment management services, you will pay an ongoing asset-based fee at the end of each quarter for our services, based on the value of the cash and investments in your advisory account or an agreed-upon flat fee. We will meet with you in person if possible, otherwise by phone and/or computer to determine your investment objectives, risk tolerance, and other relevant information at the beginning of and throughout our advisory relationship. We use this information to develop a strategy that enables our firm to give you continuous and focused investment advice and/or to make investments on your behalf. Once we construct an investment portfolio for you, we will rebalance it and monitor your portfolio’s performance on an ongoing basis. If you participate in our discretionary investment management services, the authorization will allow us to manage your account regarding the purchase and/or sale of investments without your approval prior to each transaction until the termination of our agreement. You may limit our discretion by providing our firm with your restrictions and guidelines in writing. If you enter into a non-discretionary arrangement with our firm, you are required to make the ultimate decision regarding the purchase and/or sale of investments, and we must obtain your approval prior to executing any transactions on behalf of your account.

Stonecrop also offers stand-alone financial planning services regarding the management of their financial resources based upon an analysis of their individual needs. If you retain our firm for financial planning services, we will meet with you to gather information about your financial circumstances and objectives and make investment allocation recommendations based on your investment profile. You will be responsible for implementing our investment advice.

From time to time, Stonecrop Wealth Advisors implements Structured Notes. Certain types of structured notes have the ability to enhance upside return while protecting a portion of downside risk.

We offer investment advisory services with a large selection of investments to individuals, colleges, trusts, estates, charitable organizations, corporations, and other business entities.

In general, we do not require a minimum dollar amount to open and maintain an advisory account. **Additional information may be found at www.advisorinfo.sec.com (Stonecrop’s ADV, Part 2A brochure, items 4 and 7).**

Fees, Costs, Conflicts, and Standard of Conduct.

What Fees Will I Pay?

For Investment Management Services, you will be charged an ongoing management fee based on the assets under management in accordance with the fee schedule presented in your agreement. Fees are typically charged quarterly in advance based on the value of your account on the last day of the previous quarter. The asset-based fee reduces the value of your account and will be deducted from your account. Our current fee schedules are described in Item 5 of the Form ADV Part 2. **Additional information may be found at www.advisorinfo.sec.com (Stonecrop’s ADV, Part 2A brochure, item 5).**

Investment management clients generally pay a management fee ranging from .475% to 0.95%, depending on the size of their portfolio. The Firm does not charge a minimum fee. At our discretion, we may combine the account values of family members living in the same household to determine the applicable advisory fee. Combining account values will increase your total assets under management, which may result in your paying a reduced advisory fee percentage. Although the effective management fee rate will decrease the larger your account, the total management fees you will pay will likely increase as you increase the total amount of assets under our management, and therefore, we generally have an incentive to encourage transferring or depositing additional assets into your account.

Other fees and costs may include custodian fees and account maintenance fees. Some investments (such as mutual funds) impose additional fees that will reduce the value of your investment over time.

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying. Additional information may be found at www.advisorinfo.sec.com (Stonecrop's ADV, Part 2A brochure, item 5).

- *Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?*

What are your legal obligations to me when acting as my investment adviser? How else does your firm make money, and what conflicts of interest do you have?

When we act as your investment adviser, we are held to a fiduciary standard that covers our entire investment advisory relationship with you. We act in your best interest, and we do not put our interests ahead of yours.

At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here are some examples to help you understand what this means.

Certain of the Firm's Supervised Persons are licensed insurance agents and may offer certain insurance products on a fully disclosed basis. A conflict of interest exists to the extent that the Firm recommends the purchase of insurance products where its Supervised Persons may be entitled to insurance commissions or other additional compensation. The Firm has procedures in place whereby it seeks to ensure that all recommendations are made in its clients' best interest, regardless of any such affiliations.

Douglas R. MacGray is an attorney but does not practice in any capacity.

The Firm may provide compensation to third-party promoters for client referrals. In the event a client is introduced to the Firm by either an unaffiliated or an affiliated promoter, the Firm may pay that promoter a referral fee in accordance with applicable state securities laws. Unless otherwise disclosed, any such referral fee is paid solely from the Firm's investment management fee and does not result in any additional charge to the client.

Additional information may be found at www.advisorinfo.sec.com (Stonecrop's ADV, Part 2A brochure, item 10).

How do your financial professionals make money?

Our financial professionals are paid a salary plus discretionary bonuses based on company, team, and individual performance, which includes metrics like client retention, referrals, and, because the firm's salaries are ultimately derived from the revenue the firm earns from the financial professional's advisory services or recommendations.
